

## Junior Mobile and Web Developer

Clearly Innovative, Inc. is a minority owned digital solutions company headquartered in Washington DC. We design and develop websites, mobile apps and enhance our clients' overall digital strategies. We're growing rapidly and operate in a FAST-PACED environment where every individual plays a critical role in our team's success. We have an IMMEDIATE need to hire a Junior Mobile and Web Developer to join our team.

### Responsibilities:

- Develop new and improve existing features for mobile apps and responsive web applications
- Write and modify code based on functional and system requirements
- Work closely with the project manager, designer and other developers to understand functional and system requirements
- Work with a team of designers, developers and project managers to create web and mobile solutions for clients ranging from startups to large enterprises
- Work closely with the development team to ensure architectural integrity and product quality
- Develop web services and APIs
- Follow and implement industry accepted best practices and tools
- Participate in quality assurance testing process through unit testing and bug fixes
- Participate in regular code reviews with the entire development staff
- Properly document code throughout all projects

### Required Skills

- 2-3 years of web and cross-platform mobile application development working with software development team
- At least 1-2 years of experience with front-end development preferred
- Bachelor's Degree in Computer Science Preferred
- Experience with Trello and Google Drive
- Solid Understanding of HTML5/CSS3, jQuery and Responsive Design
- JavaScript and front-end frameworks
- Git and Github
- Experience with RESTful API's
- Experience with Ionic Framework
- Familiarity with relational databases or noSQL Databases

**Other Requirements:**

- Self-motivated, team player, action-and-results oriented
- Well organized, good communication and reporting skills
- Ability to successfully work under tight project deadlines
- Ability to participate in sprint planning and scrum meetings
- Ability to focus on efficiency, user experience, and process improvement

**Please include your resume and cover letter with your salary requirements and send to [info@clearlyinnovative.com](mailto:info@clearlyinnovative.com), noting Junior Developer in the subject line.**
